Overspeeding on Expressway

Speed governors for KSRTC buses

EV PowerPlus, Volvos to travel at 80 kmph; Sarige red bus speed limit is 65 kmph

KSRTC buses at Sub-urban Bus Stand in city this noon.

Mysuru, July 4 (BLU&BCT)- With a KSRTC EV PowerPlus bus destroyed in a recent accident allegedly owing to overspeeding on the Mysuru-Bengaluru Expressway near Ramanagara killing the conductor and injuring 25 passengers, the KSRTC (Karnataka State Road Transport Corporation) bosses have made speed governors mandatory — to restrict the speeds to a certain limit. These speed governors will be pre-set for the maximum speed conforming to road standards.

The Road Transport Corporation has started the process of installing speed governors on buses plying between Mysuru and Bengaluru on all categories of buses. Sources said that each EV PowerPlus bus costs about Rs. 2 crore and the loss of one bus has dented the revenues and at the same time heightened safety concerns among passengers on this popular segment.

The bus, owned by KSRTC's Central Depot in Bengaluru, which was coming from Madikeri to Bengaluru, collided with a goods vehicle carrying plywood sheets. One of the tyres of the goods vehicle burst and veered to the left while the KSRTC bus was trying to overtake.

(See KSRTC on page 6)

It is official

Yediyurappa says BJP and JD(S) together will fight Congress

B.S. Yediyurappa, ex-BJP CM

H.D. Kumaraswamy, ex-JD(S) CM

Bengaluru, July 4 (KMS & DM)- Even as the Congress is on a nationwide campaign for the cause of Opposition Unity to take on the BJP in the 2024 Lok Sabha polls, in an interesting development here in Karnataka, the BJP and the JD(S) have decided to join hands to fight against the Congress Government in the State.

Veteran BJP leader and former Chief Minister B.S. Yediyurappa today said the BJP and H.D. Kumaraswamy led JD (S) will 'fight together in the future.'

Coming out fully in support of JD-S Legislature Party leader Kumaraswamy's corruption charges against the 45-day-old Siddharamaiah headed Congress Government, Yediyurappa said, 'Whatever Kumaraswamy is saying is absolutely true and I will support his statement. Kumaraswamy and we will fight together in future,' he reiterated adding that they will launch a Statewide agitation if the Congress Government does not fulfil its five pre-poll guarantees and other promises.

Yesterday, Kumaraswamy, taking a dig at the Congress, had wondered who is going to be Karnataka's Ajit Pawar. Kumaraswamy, while referring to Sunday's rebellion in neighbouring Maharashtra where senior NCP (Nationalist Congress Party) leader Ajit Pawar caused a split in the NCP camp and switched over to the ruling Shiv Sena (Shinde)-BJP Government, had predicted a similar shocking development in Karnataka in the near future.

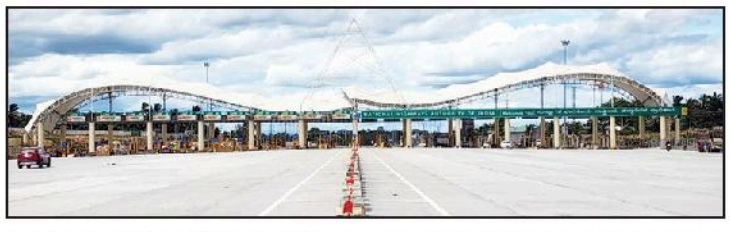
"We are waiting to see who will turn out to be Karnataka's Pawar in the near future," he had remarked.

Taxi fares to Bengaluru to go up

Toll hike on Mysuru-Bengaluru Expressway has cascading effect

Mysuru, July 4 (BLU&DM)- Motorists are expressing their dissatisfaction with the National Highways Authority of India (NHAI) following a significant increase in toll fees on the access-controlled Mysuru-Bengaluru Expressway.

Adding to their frustration is the establishment of a second toll booth within a few months of the Expressway's inauguration and at a time when the works of the service roads have not been completed along with other safety measures like barricading, construction of skywalks as suggested by the Police and the installation of CCTV cameras to curb overspeeding.



According to NHAI, the toll fee has been fixed at Rs. 155 at the Gananguru Toll Plaza near Srirangapatna and Rs. 165 for four-wheelers at Sheshagirihalli Toll Plaza near Ramanagara. Additionally, a fee of Rs. 235 has been set for same-day return journeys, which motorists believe is exorbitant considering the high number of vehicles on the highway and the relatively shorter distance.

To worsen matters, as of July 1, the NHAI has increased the fee for same-day return trips to Rs. 485, more than double the previous amount. This fee comprises Rs. 155 at Gananguru Toll Plaza, Rs. 165 at Sheshagirihalli Toll Plaza when travelling from Mysuru to Bengaluru, Rs. 85 at Kanaminike Toll Plaza near Kumbalgodu and Rs. 80 at Gananguru for the return trip from Bengaluru on the same day.

Return trips on the following day will have even higher toll fees, reaching Rs. 640. This is the price for vehicles having FASTag and if the vehicle has no FASTag, the payment is double.

Motorists are furious with the NHAI's abrupt toll fee hike, especially since they were initially informed that they could travel on the Expressway by paying Rs. 235 for same-day return journeys.

For instance, hiring a taxi for a 385-km trip to Bengaluru previously cost around Rs. 3,850 as the drivers would charge Rs. 10 per kilometre. However, with the steep toll fee increase, the trip can now cost as much as Rs. 5,105 (Rs. 12 per kilometre), representing a rise of approximately 30 percent.

Motorists are not only frustrated with the toll fee hike but also with the lack of basic facilities such as toilets, drinking water, petrol stations and rest shelters along the Expressway, hindering smooth and safe travel.

Despite pleas from elected representatives to refrain from rising toll fees, the NHAI authorities have shown little concern. They have also overlooked the escalating incidents of crime targeting motorists and tourists, particularly during late nights and early mornings.

The discontent among motorists continues to grow as they demand fair toll fees and improved amenities on the Mysuru-Bengaluru expressway.

Mysuru, Tuesday 4th July 2023

MLA inaugurates Mysuru Goldsmiths and Silversmiths Development Assn.

Mysuru, July 4- Chamaraja MLA K. Harishgowda inaugurated the Mysuru Goldsmiths and Silversmiths Development Association at a programme held at Kannika Mahal on Ashoka road here recently.

Speaking on the occasion, the MLA said that the Vishwakarma community is known for its artisan skills since ages. Though technology is advancing by the day, he said that the skills and crafts of the Vishwakarma community are very much in demand even now.

Maintaining that there is a good demand for our sculptural and jewelry works throughout the globe, he said that Vishwakarma community should strive for sustenance of the age-old artistry and crafts that has been maintained successfully over the centuries.

Observing that Vishwakarma community members are born artisans, he said that the community, also known for its social service, should become educationally, socially, politically and economically strong.

Suresh Gold, who was named as the new President of the Association, was felicitated on the occasion.

Corporators Ramani and Lokesh Piya, Association Hon. President Raviprakash, Raghavendra and others were present.

Sugama Sangeetha workshop in city on July 8 and 9

Mysuru, July 4- Supriya Raghunandan from Bengaluru will be conducting Sugama Sangeetha Workshop in city on July 8 and 9 under the auspices of Mysore Ananthaswamy Memorial Trust.

Supriya, a student of Raju Ananthaswamy, is a well-known name in the field of Sugama Sangeetha and teaches light music at her school Suraaghavi Foundation, Bengaluru. She has also co-founded Suraaghavi Studios along with husband, flautist and Music Director Raghunandan Ramakrishna.

Supriya

Those interested in attending the workshop can contact Amrutha Nitin Rajaram Shastry on Mob: 72047-31885 or Venkatesh Bhat on 98453-43488.

EDITOR'S BOTTOMLINE

The term 'guru' has no appropriate meaning in English. While the teacher is one who educates and master is one who does specialisation on a subject, the guru elevates the individual from the material world to spiritual. While the teacher explains, the guru enlightens. While the teacher introduces the individual to the external world of objects, the guru turns attention within and guides the individual to know his real identity. In short, while the teacher shows the individual the manifold images of the world, the guru gives the vision to know, to perceive and assimilate.

There is a belief the guru imparts knowledge; this is not true. Knowledge is not something which is given or taken. From his very birth, the human inherits knowledge. He is blessed with *vivek,* ***the power to discriminate between the real and unreal. But there are times when he is not able to exercise this power because, like the clouds that overshadow the sun, the mind obscures his vision. While walking, he mistakes a rope lying on the road for a snake. The man normally perceives an object based on what his mind prompts him, but he sees the same object in a different light when the guru shows it to him. It is the guru who removes the veil and helps him to realise the knowledge he already possesses.***

An individual may be extraordinarily talented or highly educated, but still he feels the need for a little help beyond him. This external push that helps him to complete his life mission is called grace. The grace flows perennially from the guru. The individual need not necessarily go after a guru. The guru comes in search of him and graces him so long he qualifies himself with the qualities of humbleness and devotion. *— V.S. Krishnan in The Times of India*

NEWS SPARKLERS

World's lowest car sans doors and tyres

New York: A video of the "world's smallest car" is going viral on the internet and this remarkable car has fascinated many on social media who are praising the creativity behind the unbelievable design in an industry where automobiles are constantly changing to accommodate different budgets.

The now-viral video shows a cyan-coloured car moving on the road. When one looks at it, it is hard to accept that it is actually a vehicle since it has no doors or tyres. People watching the car are left surprised as the front bonnet flap glides smoothly along the road with windows on all sides.

A robot is installed and carefully positioned on a robust wooden board. A GoPro camera is added to the front of the car, assuring a clean path free of obstructions.

"The lowest car in the world," reads the caption of the post. Since being shared on the microblogging platform, the post has amassed 38 million views and 11.4 lakh likes.

No mail for nearly 2 months over a 'dog'

Kansas: Delivery of mails in a Kansas neighbourhood was halted for nearly two months because of what the U.S. Postal Service described as a "vicious dog" that neighbours said might not even exist.

Residents of the 3000 block of South 46th Terrace in Kansas City said mail delivery was halted April 29, after the local post office sent them a letter saying a "vicious dog" was creating hazardous conditions for delivery workers.

Lisa White said she and her neighbors are unaware of any such dog. "I walk my big dog every morning, and I don't see a dog," she added.

Mark Inglett, media relations spokesman at the U.S. Postal Service, said this week that mail delivery would be resumed as the dog situation had been resolved.

MMC&RI faculty felicitated

MMC&RI faculty Dr. Lakshmegowda, who retired from service recently and his wife Dr. Sumangala being felicitated by Minister N. Cheluvarayaswamy in city recently as others look on.

Mysuru, July 4 (SBD&DM)- Agriculture Minister N. Cheluvarayaswamy has said that there is no such thing as retirement for doctors.

He was speaking at a function to bid farewell to MMC&RI faculty Dr. Lakshmegowda on his retirement from service, at Kerala Samaj Bhavan in Vijayanagar here recently.

Observing that doctors can retire only from Government service but not from their profession, Cheluvarayaswamy said that only those who have left behind their mark while in service will get honours upon their retirement and Dr. Lakshmegowda is one among them.

"Dr. Lakshmegowda, a native of Chinakurali in Pandavapura taluk of Mandya, has earned name and fame during his long service. Let Goddess Chamundeshwari give him enough strength to serve the society for many more years," the Minister said.

Chamundeshwari MLA G.T. Devegowda (GTD), in his address, said that wealth and money are not eternal. But a good health will be of great help in living a healthy and contentful life, he said adding that it is the doctors alone and not money, who can save the lives. Noting that Dr. Lakshmegowda's is a family of doctors, he wished that the family contribute more for the health of society. GTD also recalled the services of Dr. Ankegowda in city decades ago.

Adichunchanagiri University Vice-Chancellor Dr. M.A. Shekar said that Dr. Lakshmegowda was a doctor who was available for service at all hours of the day.

Dr. Lakshmegowda and his wife Dr. Sumangala, also a doctor, were felicitated on the occasion.

MLA K. Harishgowda, MLC Marithibbegowda, former MLA Vasu, MMC&RI Dean and Director Dr. K.R. Dakshayani, Gopalaswamy, Manjunath, Keelara Jayaram and others were present.

VOICE OF THE READER

More on people-friendly IAS and IFS Officers

Sir,

The write-up titled ***"Remembering two IAS Officers of the 1970s"*** by K.B. Ganapathy in *Star of Mysore* dated June 19, 2023, made a very interesting read.

The time (1970s) KBG has written about was indeed a period of very good, people-friendly officers, B.R. Prabhakara and V.P. Baligar, to name a couple of others.

I feel happy to add to the musings of KBG by recalling the remarkable services rendered to this city by **S.K. Ramalinge Gowda,** the DFO in mid 80s — *SOM* once called him 'The Tree Man'. If one single person can be named to have been responsible for the new city of Mysuru to be as green as it is today, it should be this man.

Ramalinge Gowda strived, against all odds, to bring up roadside trees on most of the interior roads in the extensions of city and to develop tree cover in vast stretches of vacant open land in city, under the Social Forestry Scheme.

As I remember, the lands that got tree cover under his administration include the sprawling North Banks of Kukkarahalli Lake, series of lands adjoining the Open Air Theatre in Manasagangothri, areas around German Press, the land behind Jalapuri opposite the ATI, almost the whole stretch of land adjoining the Railway line to Ashokapuram, Railway grounds opposite the Sandal Oil factory and large areas in the foothills of Chamundi.

Ramalinge Gowda, IFS, was a simple man carrying out his mission without much fanfare. When we, a group of youngsters, decided to bring up tree cover on the vacant land behind the Ursu Boarding School, we approached the then Divisional Forest Officer (DFO).

The second instance we went to the Office, Ramalinge Gowda had taken over from the earlier Officer, who had already assured us to make available saplings free of cost, provided we made arrange-

S.K. Ramalinge Gowda

ments to carry them from the nursery. The instant we entered the DFO's room this time, the smart looking, well-dressed new Officer stood up, shook our hands and requested we boys to get seated (I was hardly 24 then). He appreciated us for the initiative, promised help and suggested us to dig pits that suit the saplings.

Alas, the next evening even as we were preparing to dig pits on the field, a beaming Ramalinge Gowda turned up there in his Jeep, walked around the ground and gave us guidance regarding the way we could proceed and suggested us to meet him after digging about a hundred pits.

It was after a fortnight that we met him again requesting help. To our utter surprise again, the very next day we had the Department van arriving on to the field carrying about 200 saplings of various kinds! The great move motivated us to cover a large area and within a few years then on, the area turned out to look like a mini-forest. I was the NSS Officer at NIE for the next three years and the number of students who joined me in tree planting activities exceeded a hundred.

NIE-NSS participated in many activities of the Forest Department and the tree cover now you see on the South Western banks of Lingambudhi Lake is a result of the activities of the NSS team from NIE. Simplicity and approachability are indeed the most sought after qualities of a civil servant! It is not very often we find Officers with these qualities.

For details, call Mob: 94486-11655 or 86189-79390, according to a press release.

Three sheep, one goat killed in stray dogs attack

Mysuru, July 4 (SBD&BS)- Three sheep and a goat were killed in attack by a pack of stray dogs on Veene Seshanna Road, Agrahara, in city yesterday.

Mudassir Ahmed, a resident of first cross, Veene Seshanna Road, is a roadside vendor and has been rearing livestock in a vacant site adjacent to his house, by building a compound wall. The stray dogs attacked the livestock in the morning hours and inflicted bites on the neck region of the sheep and goat leading to their death.

On hearing the sound outside, the neighbours rushed towards the site of attack and the dogs ran away in fear. Among those killed, two were pregnant, while one sheep had escaped the attack.

Meanwhile, a boy who was standing near the gate had to face the fury of dogs who tried to attack him. In his bid to escape, the boy fell off and sustained injuries on his left hand and waist. Had the passersby not rushed to his help, he too would have fallen victim to mongrels, the locals said.

Corporator B.V. Manjunath, who visited the spot, assured to provide due compensation to Mudassir, who has submitted a memorandum to Mysuru City Corporation (MCC) for relief.

A local youth said, it's not for the first time as even earlier too the stray dogs had attacked cats after barging into a house. Upon seeing the kids playing outside, the profusely barking dogs make a bid to bite them, but run if somebody scares them away. It's not just kids even others are feared of stray dogs menace.

The menace is regularly discussed at every Council meeting of MCC, with at least one of the Corporators demanding for steps to control the menace. The Officers come out with the standard reply expressing their helplessness over either restraining or relocating them elsewhere, except for Animal Birth Control (ABC) surgery to check their numbers. With this the matter ends there, without discussing any alternative measures. There will be neither any discussion on pros and cons of ABC surgery.

With the menace reported across the city, the MCC should wake up at least now to step up measures, demand the public.

Scooter-borne youths waylay student, snatch mobile phone

Mysuru, July 4- Three youths, triple riding on a scooter, waylaid a student on Temple Road in Vinayakanagar and have snatched his mobile phone.

The student, who lost his mobile phone, is 19-year-old G. Arjun, a native of Yaliyur village in Gundlupet taluk, who was pursuing his PU course at the Government PU College at Vontikoppal and was staying in a hostel at Bogadi here.

On June 28 at about 4 pm, Arjun left the College on his bike (KA-10-EE-8498) and was proceeding on the Temple Road, when three youths, identified as Guru and Akash of Paduvarahalli and Mahesh of Vontikoppal, who came triple riding on Honda Dio scooter (KA-09-HX-2834), waylaid Arjun on the road, snatched his mobile phone and sped away.

Based on the complaint lodged by Arjun on July 1, Jayalakshmipuram Police have registered a case and are investigating.

Girl commits suicide

Mysuru, July 4 (RK&KS)- A girl, who was being harassed by a youth, forcing her to love him, ended her life by consuming poison. The incident took place at Ganagarahundi in Yelwal hobli on Saturday.

The deceased girl is Harshitha (21) and the youth, who is allegedly responsible for her death, is 26-year-old Shivu of the same village.

Harshitha, who had studied PUC, was attending computer classes when Shivu began to pester her and forced her to love him. Though Harshitha had rejected his proposal, Shivu is said to be forcing her daily to marry him.

Depressed over this, Harshitha reportedly consumed poison and fell sick. Though she was rushed to K.R. Hospital in city, the efforts of the doctors went in vain and she breathed her last at the hospital, according to Yelwal Police, who have registered a case.

Hit-and-Run case

Rider killed as unidentified vehicle hits bike in S'patna

Mysuru, July 4 (RK&KS)- In a hit-and-run case, a two-wheeler rider was killed on the spot when an unidentified vehicle rammed into the bike he was riding near Belagola Paper Mills in Srirangapatna taluk on Sunday evening.

The deceased has been identified as K. Harish (29), son of Karpa and a resident of Kyathanahalli village in Pandavapura taluk.

Harish, who works as a temporary driver at BEML near Koorgalli, finished his night shift and left his work place on his bike, when an unidentified vehicle, which came from the opposite direction, rammed into the bike throwing Harish into the roadside bushes and killing him on the spot.

Motorists, who saw the accident, informed the Police and Krishnaraja Sagar (KRS) Police, who rushed to the spot, conducted mahazar and shifted the body to MMC&RI mortuary, where post-mortem was conducted yesterday morning and the body was handed over to the family members.

KRS Police, who have registered a case, have collected footages from CCTV cameras installed in the vicinity of the accident spot and have launched a hunt to trace the unidentified vehicle.

Obituary

Palanganda Lalita Subbaiya

Mysuru, July 4- Palanganda

Lalita Subbaiya (74), daughter of late Palanganda K. Subbaiya and a resident of No. 541/B, 4th Main, Gokulam 3rd Stage, passed away yesterday night in city.

A spinster, she leaves behind two sisters, two brothers and a host of relatives and friends.

Last rites were held at Chirashantidhama in Gokulam here this afternoon.

Basappa

Basappa (75), a resident of Jayanagar-Kannegowdana Koppal, passed away yesterday in city. He leaves behind his wife,

one son, three daughters and a host of relatives and friends.

Last rites were held at K.G. Koppal Burial Grounds this morning.

D. Devaraj

Hunsur: D. Devaraj (62), pro-

Dalit activist and a resident of Kattemalalavadi village, passed away yesterday morning at the village.

He leaves behind his wife, two sons, one daughter and a host of relatives and friends.

Last rites were held at his native place, according to family sources.

Take measures to reduce accidents, DC tells officials

39 accidents, 43 deaths in Mysuru in May; 10 due to rash driving by KSRTC bus drivers

Mysore, July 4 (SBD&BCT)- Following a string of road accidents in Mysuru, the District Administration has identified the root causes and urged officials to take necessary measures to curb the rising numbers.

At a meeting held at the Taluk Panchayat Hall recently, the District Road Safety Committee addressed the issue and provided crucial advice and suggestions to prevent further accidents. The meeting underlined the need for thorough investigation and consultation regarding all factors contributing to accidents, in addition to highlighting the importance of driver negligence.

Implementing effective measures to prevent severe accidents, reduce fatalities and injuries was deemed imperative. Deputy Commissioner Dr. K.V. Rajendra underscored the significance of coordination and stressed adherence to safety practices such as wearing helmets, seat belts, avoiding overspeeding, drunk driving and obeying traffic rules, all of which play a significant role in accident prevention.

Several accident-prone areas have been identified based on a study conducted from February to May 2022. These areas include J.P. Nagar's Big Banyan Tree, JLB Road Junction, Varakodu Gate, Mysore-Hunsur Road, Hinkal Junction, Bandipalya and Nanjangud APMC Junction.

Superintendent of Police Seema Latkar recommended installing warning boards in these locations and called for heightened vigilance from drivers. She noted that drivers, particularly those operating larger vehicles like the KSRTC buses, should give way to smaller vehicles. The importance of exercising caution in areas with poor road conditions was also highlighted.

Specific instructions were given to KSRTC buses travelling from Mysuru to Hassan, Madikeri, Nanjangud and other routes. These buses were instructed to make a stop before the Metropole signal due to the presence of a turn next to the signal, which poses a risk of rear-end collisions.

Traffic regulation and clear directions were recommended at the designated stoppage point, as advised by the KSRTC Divisional Control Office.

Additionally, during the meeting, DCP (Crime and Traffic) S. Jahnavi suggested providing assistance and support to visually impaired and physically challenged individuals to enhance their safety.

Public Works Department (PWD) Executive Engineer Raju and other officials were present.

Educating KSRTC drivers important: SP

In light of the findings that several KSRTC bus drivers were driving recklessly, resulting in 39 accidents in Mysuru district killing 43 people in May 2023, SP Seema Latkar emphasised the urgent need to identify such drivers, provide them with appropriate training and implement evaluation and awareness programmes. Of the 39 accidents, 10 were due to reckless driving by KSRTC drivers resulting in the death of 8 persons, the SP noted.

The district administration aims to tackle the rising accident rates and ensure the safety of commuters by addressing the causes, educating drivers, and implementing effective preventive measures, she added.

Upset over hubby's death, woman dies by suicide

Mysuru, July 4 (BS)- Depressed over her husband's death, a woman allegedly committed suicide at Coimbatore Colony near Ratnapuri, in Hunsur taluk yesterday.

Savithri (47), wife of Dore (55) is the deceased woman. Savithri took the drastic step to commit suicide by consuming pesticide, soon after her ailing husband was found dead on returning home. They are natives of Coimbatore in Tamil Nadu.

Dore, who was eking out a living as a farm labourer had gone to K.R. Nagar on work three months ago, when he met with an accident. Since then, Dore was being treated at a hospital in K.R. Nagar and Savithri had to take loan from private banks to meet the expenses towards her husband's treatment.

A week ago, she had brought her husband home and was taking care of him. As Dore was bed ridden, Savithri, who was also a daily wager, was leaving for work after giving food and medicine to him. When she returned home yesterday during lunch, she found her husband dead. Dejected, Savithri took the extreme step by ending her life.

The neighbours, who suspected something fishy as Savithri did not step out of the house though the door was open, went inside to find the couple dead.

The couple leaves behind a son and a daughter, who are married and living separately.

Hunsur Rural Police have registered a case.

H.D. Kote youth dies of dengue in Africa

Efrahim

Mysuru, July 4 (BS)- A teenager from Tiger Block, H.D. Kote taluk in the district, who had gone to South Africa on business has died of dengue fever.

Efrahim (19), who had gone to South Africa recently for selling Ayurveda herbs was suffering from a bout of severe fever, for the past two days. When he went to a hospital for check up, he was diagnosed with dengue fever. Unfortunately, the treatment did not prove helpful, with Efrahim breathing his last, said his uncle Billa.

The grief stricken Efrahim's parents Amith and Mumuti said "We have lost our only son. Hence the Government should help us to pay last respects to our son, by making arrangements to bring his mortal remains."

Village head Meenraju also endorsed the words of the deceased youth's parents.

AIDSO demands pro-student budget

Mysuru, July 4 (MTY&DM)- With Chief Minister Siddharamaiah scheduled to present the State Budget on July 7, the AIDSO (All India Democratic Students Organisation), has appealed the Government to present a pro-student budget.

The AIDSO presented a memorandum in this regard to Deputy Commissioner Dr. K.V. Rajendra here yesterday.

Speaking on the occasion, AIDSO District Secretary Chandrakala said that the Budget should be responsive to the academic challenges that the State is facing. Demanding establishment of Government Engineering Colleges in all districts, she said the other demands include free bus pass, re- implementation of Vidyasiri student scholarship and more funds for the education sector in the budget.

Chandrakala also urged to relaunch distribution of cycles, laptops and tabs to degree students, construction of more classrooms in Mysuru Maharani Government Arts and Science College and reconstruction of the collapsed chemistry Laboratory in the College.

Varsity retired employees stage protest demanding release of pension

Mysuru, July 4 (MTY&DM)- Pensioners of University of Mysore (UoM) staged a demonstration in front of Crawford Hall here yesterday demanding immediate release of pension.

Expressing concern over non-release of pension, the pensioners said that about 1,860 pensioners of the University are facing hardship. Pointing out that with the Karnataka High Court staying the appointment of V-C recently, the credit of pension to bank accounts of pensioners has got delayed due to the absence of the V-C, whose signature is a must for major financial payments. Demanding the intervention of the Governor, who is the Chancellor of all State-run Universities and the Government, the protestors warned that they will intensify the stir if the pension is not released in a couple of days.

Pensioners Association President Dr. K. Mahadev, office-bearers Krishnamallegowda, Prof. Sarvamangala, Prof. Kalachannegowda, Prof. Kalegowda Nagavara, Prof. N.S. Rangaraju and others were present.

'One Week One Lab' campaign at CFTRI fosters innovation

Mysuru, July 4 (RK&BCT)- Council of Scientific and Industrial Research (CSIR) — Central Food Technological Research Institute (CFTRI) in Mysuru kickstarted the ambitious 'One Week One Lab' (OWOL) campaign yesterday.

The week-long programme has been launched with the theme 'Celebrating Food Research,' and the event aims to engage the public, showcase innovative technologies, and inspire young innovators, students, start-ups, academia, and industry professionals to explore the potential of deep tech ventures.

The inaugural event was held at the IFTTC Auditorium (CFTRI Hostel Complex) near Main Gate with member of the erstwhile Mysore royal family Yaduveer Krishnadatta Chamaraja Wadiyar inaugurating.

Other guests included former CFTRI Directors Dr. V. Prakash and Dr. S.R. Bhowmik, as well as Ashok Dalwai, CEO National Rainfed Area Authority (NRRA) Ministry of Agriculture and Chairman of the Empowered Body of Doubling Farmers' Income, Ministry of Agriculture and Farmers' Welfare, Government of India. CSIR-CFTRI Director Sridevi Annapurna Singh presided over the event.

Member of Mysore royal family Yaduveer Krishnadatta Chamaraja Wadiyar unveiling a new food product during the inauguration of 'One Week One Lab programme' at CFTRI in the city yesterday along with (from left) former CFTRI Directors Dr. S.R. Bhowmik, Dr. V. Prakash, CEO of National Rainfed Area Authority Ashok Dalwai, and CFTRI Director Dr. Sridevi Annapurna Singh. Picture right: As part of the 'One Week, One Lab campaign, a 'Culinary Contest' was organised this morning to recognise Mysuru's diverse culinary dishes and promote this institute's link to GEN Z.

Showcases cutting-edge research

The event provides a platform to showcase cutting-edge research, advanced technologies, and state-of-the-art facilities in the field of Food Science and Technology. Throughout the programme, CFTRI has organised various sessions and lectures by renowned experts.

During his inaugural address, Yaduveer Wadiyar underlined the importance of innovating nutritious and high-quality foods, particularly for indigenous populations. He highlighted the significance of Mysore's cultural heritage and its contribution to the nation. Bhadravathi Steel Works, Mysore Sandal Factory, and various other initiatives have emerged as a result of encouraging and nurturing the aspirations of the youth, he added.

Ashok Dalwai highlighted the significance of integrating science, technology, and innovation to make India a powerhouse in technological advancements. He emphasised the role of institutes like CFTRI in developing innovations in food processing that create job opportunities and benefit farmers without compromising nature.

Promoting innovation

"While it is evident that India's development is possible through the utilisation of natural resources, there is a lack of initiative and willpower," he said and recommended that agricultural labour should be extended to other sectors as well. Science has proven its importance in the form of technology, and if it is applied to innovation, it can complement the practices of innovators," he added.

Dr. V. Prakash acknowledged CFTRI's unique location in a Palace, generously provided by the Mysore kings, and expressed gratitude for their support in establishing the premier food research institute. He also reflected on CFTRI's journey, progress, and upcoming milestone of completing 75 years in the next three years. Dr. Bhowmik elaborated on the OWOL campaign and the planned events for the week. The topics covered at the event include investment opportunities in food processing, start-ups, women's self-help groups (SHGs), and farmer-entrepreneurship. It will not only introduce innovative food products but also aims to foster collaboration, knowledge-sharing, and advancements in the field of food technology.

'SeaSlim': An effective anti-obese supplement

SeaSlim is a novel anti-obese supplement developed by CFTRI using brown seaweed Padina tetrastromatica and barley. It offers multiple health benefits and can be used as a potent antioxidant due to its rich nutritional composition.

SeaSlim contains bioactive compounds such as fucoxanthin, dietary fibres, and hydrocolloids, which help lower fat absorption and reduce the risk of obesity and diabetes.

Additionally, SeaSlim aids in regulating body weight, lowering plasma glucose levels, and improving lipid profiles.

With a low glycaemic index, SeaSlim is a suitable choice for managing obesity and diabetes. The supplement has no side effects, heavy metals, and can be consumed daily. Its efficacy has been observed to be superior to the drug Orlistat.

SeaSlim comes in metallized polypropylene pouches and has a shelf life of over six months. It is a natural and safe alternative to conventional anti-obese medications, providing a promising solution for the rising obesity epidemic in India.

Speed governors for KSRTC buses

(Continued from page 1)

The speeding bus then surpassed the median, crossed into the opposite lane before finally coming to a halt in an empty paddy field, having travelled approximately 100 metres. The horrible accident put pressure on the KSRTC to adopt speed governors, a policy that was pending in Karnataka since 2013.

65 to 80 kmph

Speaking to *Star of Mysore* this morning, KSRTC Divisional Controller (Rural) Srinivas said that speed governors have been made mandatory on all KSRTC buses travelling on the Expressway. "As it is possible to cover the distance between the two cities within two hours instead of the earlier three-and-a-half-hours, we have limited the speed of EV PowerPlus to 80 kmph," he said.

"Earlier, the EV PowerPlus, Volvo and Scania buses could travel 120 kmph but now they can only travel 80 kmph, despite acceleration. The speed of ordinary Sarige vehicles have been limited to 65 kmph. There is no way drivers can go beyond the prescribed speed," he added.

Reports of tampering

Though traffic experts say that a vehicle fitted with a speed governor cannot exceed the prescribed limit, in the past, there were several cases in KSRTC where bus drivers were found tampering with speed governors. Reportedly, some drivers working with KSRTC, NWKRTC and NEKRTC made the instrument inactive when they took the bus out from the depot and reactivated it while returning.

If these speed governors are fitted by KSRTC mechanics just below the accelerator, it is possible to modify them. If bus manufacturing companies put inbuilt speed governors, it is not possible to meddle around with them, mechanics said.

More passengers travel

In response to the Shakthi free bus travel scheme, Srinivas said that prior to the scheme, the average daily passenger travel in the Mysuru division stood at 4,05,000 passengers. But after the scheme was launched, the Mysuru division is seeing a daily footfall of 4,65,000 passengers, he added.

"Yes, there is a bit of overloading where there are over 75 to 80 passengers in a bus while the actual seating capacity is 54. There are 1,071 buses in the KSRTC Mysuru rural division and we have asked 120 more buses to meet the demand. In addition, we have 100 Volvos and 8 EV PowerPlus buses," Srinivas said.

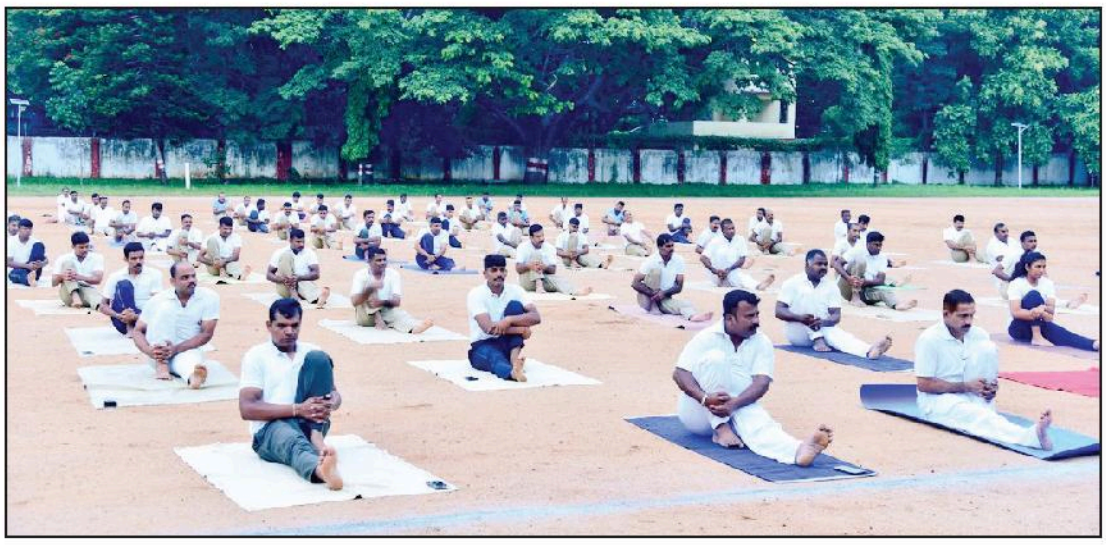
Yediyurappa leads BJP stir against Congress

Bengaluru, July 4 (KMS & DM)- Former CM and BJP veteran B.S. Yediyurappa (BSY) staged a demonstration at Bengaluru's Freedom Park this morning, for what he alleged was the failure of the Congress Government in the implementation of its pre-poll guarantees and other poll promises.

Charging the Congress Government of fooling the people through false promises and assurances, Yediyurappa lashed out at the Siddharamaiah Government and warned of a massive protest in the near future if the Congress does not keep its words on poll guarantees. He also accused the Congress of indulging in corrupt practices within a short time of coming to power.

MP D.V. Sadananda Gowda, State BJP President Nalin Kumar Kateel, former Speaker Vishweshwar Hegde Kageri, former Deputy CMs Govind Karjol and K.S. Eshwarappa and a host of former BJP Ministers, Legislators and other leaders took part in the protest.

To beat stress, Cops attend Yoga Camp



Mysuru, July 4 (RK&BS)- To beat work pressure that sometimes takes a toll on their health, the District Police are attending a 15-day Yoga Camp organised at District Armed Reserve (DAR) Police Grounds, Jyothinagar, in the city.

Superintendent of Police (SP) Seema Latkar told *Star of Mysore* this morning that "The Yoga Camp began on June 26, in which the Police personnel irrespective of cadre from different sub-divisions are attending the camp in batches, from 8 am to 9 am. An average of 150 Policemen comprising sub-divisions like Mysuru, Nanjangud and Hunsur are attending the camp daily."

The participants are being taught yogasana and meditation, which if continued daily even after the conclusion of the camp, will prove beneficial in maintaining good health by beating the stress.

Additional SP Dr. B.N. Nandini is supervising the camp.

Inauguration of AIR series on integrated organic farming

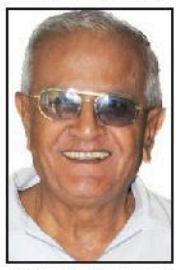
Mysuru, July 4- The All India Radio (AIR) series on integrated organic farming life will be inaugurated at District Agriculture Training Centre (DATC), Naganahalli, tomorrow (July 5) at 10.30 am.

University of Agricultural Sciences-Bengaluru Vice-Chancellor Prof. S.V. Suresha will inaugurate the programme jointly organised by University of Agricultural Sciences, Bengaluru, Akashvani, Mysuru, Agriculture Department, Mysuru, Organic Farming Research Station, Extension Education Unit and DATC, Naganahalli, Zonal Agriculture Research Station, VC Farm, Mandya and Federation of Mysuru, Mandya, Chamarajanagar Districts Regional Co-operative Organic Farmers Association.

Akashvani Mysuru Assistant Director (Programme) S.S. Umesh will preside. VC Farm Assistant Research Director Dr. N. Shivakumar, City Agriculture Department Joint Director Dr. B.S. Chandrashekar, City Horticulture Department Joint Director Dr. Nagaraju, Organic Farmer P. Ramesh of Federation of Mysuru, Mandya, Chamarajanagar Districts Regional Co-operative Organic Farmers Association (Rangasamudra) will be the chief guests, according to a press release from DATC Deputy Director of Agriculture Dr. G.H. Yogesh.

JSS Sangeetha Sabha Founding-Organiser no more

Mysuru, July 4- B.C. Rajagopal (85), retd. Principal and Head Master of various JSS Educational Institutions, Founding-Organiser of JSS Sangeetha Sabha and former President of Babbur Kamme Sangha, passed away on July 2 in city.



B.C. Rajagopal

A resident of Siddarthanagar in city, he leaves behind his wife Lalitha, two sons, daughters-in-law, grandchildren and a host of relatives and friends.

Last rites were held on July 2 evening at the foot of Chamundi Hill, according to family sources.

Police create awareness against drugs at College

Mysuru, July 4 (RK&BS)- With the increase in cases of drugs menace of late, the District Police conducted awareness programmes against narcotics and substance abuse at St. Joseph's Women's College, Rammanahalli, in the outskirts yesterday.

Superintendent of Police (SP) Seema Latkar, who initiated the programme said that "The students should be made aware of the ill-effects of drugs, which not just affects their health, but their future too, with some even doing crime." An awareness jatha involving students was also taken around the College.

DC Dr. K.V. Rajendra presiding over a meeting at his Office in Siddarthanagar in city yesterday as SP Seema Latkar, DCP (Crime and Traffic) S. Jahnavi and others look on.

On the other hand, Deputy Commissioner (DC) Dr. K.V. Rajendra presided over a meeting at his Office in Siddarthanagar, to take stern measures to control the menace of drugs.

The meeting was attended by SP Seema Latkar, DCP (Crime and Traffic) S. Jahnavi, DDPI, DDPU, Officers of Department of Social Welfare among several others.

Chitradurga District Judge appointed as Administrative Officer of Murugha Mutt

Bengaluru, July 4- In a significant development concerning Chitradurga's Murugha Mutt, the Karnataka High Court on Monday appointed the Principal District and Sessions Court Judge of Chitradurga as the Administrative Officer of Chitradurga's Murugha Rajendra Bruhanmutt.

A Division Bench of Chief Justice P.B. Varale and Justice M.J.S. Kamal gave the order while hearing a petition that questioned the Government's decision to withdraw the appointment of the Administrator of the Mutt.

The Bench said that the Administrator has been appointed temporarily and will look into the day-to-day administration of Murugha Mutt and the Institutions which are run by it. But there is no scope for policy making or taking policy decisions. The Chitradurga Deputy Commissioner (DC) should extend necessary co-operation for the same, the Bench said, while adjourning the matter to July 18.

The Pontiff of Murgha Rajendra Bruhanmutt Shivamurthy Murugha Sharanaru is under judicial custody after his arrest in connection with POCSO and SC/ST Act charges in the first week of September last year.

The previous BJP Government had appointed retired IAS officer P.S. Vastrad as the Mutt Administrative Officer on Dec. 13,2022.

Case registered against sales representative for cheating company of Rs. 43.69 lakh

Mysuru, July 4- Lakshmipuram Police have registered a case against a sales representative of a private company on charges of cheating the company by not depositing the payment of Rs. 43.69 lakh made by customers to the company.

The case has been registered against 28-year-old M. Ravi, a resident of Lalithadripura in city.

Ravi, who had worked as a Sales Representative at 'Auto Mark,' a company situated opposite Manuvana Park in Chamundipuram from Apr. 1, 2021 to Feb. 28, 2023, had not deposited Rs. 43,69,871 paid by the customers to the company, thus cheating the company, according to the complaint lodged by V. Vilaskumar, Proprietor of the company.

Based on the complaint, Lakshmipuram Police, who have registered a case in this regard, are investigating.

Despite high security, thieves strike at Mysuru Airport

Mysuru, July 4 (BS)- Thieves have struck at high security Mysuru Airport in Mandakalli on Mysuru-Nanjangud Road and have made away with 19 batteries from solar light poles.

The incident of theft came to light on June 28, with even the authorities unaware about how and when it happened. During the previous inspection held about five to six months ago, the batteries had been found intact.

Mysuru Airport is highly guarded with Karnataka State Industrial Security Force (KSISF) personnel deployed on duty, with Asst. Commandant heading them. Mysuru Airport Junior Executive (Electrical) A. Praveen has lodged a complaint at Vidyaranyapuram Police Station.

Mysuru 'Ninada Griha Sangeet' series held

Anagha Bhat presenting a vocal concert as part of 'Ninad Griha Sangeet' series of Ranjani Memorial Trust of Udupi, at Kergalli in Mysuru in April. She is accompanied by Sumith Naik on tabla and Soorya Upadhyaya on harmonium.

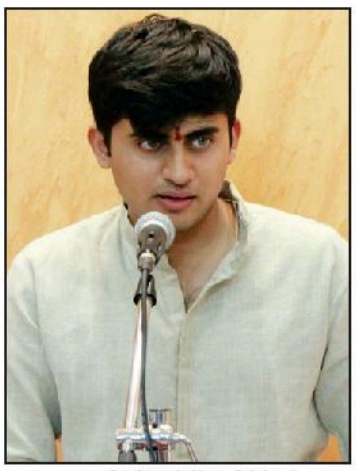
Passion, love, devotion, hardwork and penchant for pursuing art form, surely yield opulent fruits you desire for. It is heartening to note that the present young generation in spite of the over loaded distractions of social media they are able to carry out their passions in the way traditional sadhakas need to perform in the age old standardised patterns. The new generation musicians are very well informed, sportive, competitive, friendly and social. They toil much for their career.

Three such young vibrant talents were presented at 'Ninad Griha Sangeet' series of Ranjani Memorial Trust of Udupi, at Kergalli in Mysuru in April, May and June.

Anagha Bhat (April): An able exponent of Gwalior Gharana, Anagha Bhat is now under the tutelage of the veteran Pt. Ullas Kashalkar. Her vilambit-tilwada exposition of alap, sargam and boltans in Rag-Pooriya highlighting its serpentine movements and importance centered round Ga-Ni, were worth mulling.

The drut that followed was equally powerful. Rag-Chayanat, almost a patented raga to Gwalior Gharana portraying its Kalyan ang, was very effective. The tan patterns were speaking of Anagha's hardwork sadhana during her talims. Tilak kamod which followed later along with bhajan in Rag-Parameshwari were well-received by the learned audience. **Sumith Naik** on tabla and **Soorya Upadhyaya** on harmonium were very adept in their skilful following.

Aniruddha Aithal (May): This was the 6th baithak in the series at Ninad. Aithal has a high pitched voice transporting one to recall vintage music.



Aniruddha Aithal

Amrita Shenoy

Once, he strums like the swings of the age old Abdul Karim Khan Saheb of Kirana Gharana; sometimes delves into the gunjans of Vasantrao Deshpande ji, at times remembers us Nazakat-Salamat Ali duos at his brisk and brilliant tans and harkat of Jayatirth Mevund, yet another time — all combined into one.

True, Aithal's singing is energetic and quite attractive. Poorya Kalyan, Jana Sammohini, Kaunsi Kanada, Kannada Rang Geethas, and Bhairavi were Aithal's choices. Jana Sammohini, which Aithal had learnt during COVID times through Club House from Pakistani singer was interesting, refreshing and entirely new.

Kannada renderings were also quite new to the classical platform. Aniruddha Aithal deserves all appreciation for his concerted effort in bringing out the best in him.

Amrita Shenoy (June): Though hailing from Mangaluru, Amrita is a Mumbaikar. An engineer by academics, has taken music as her career. Her penchant for music has made her rigorously honed at the feet of three gurus — Jayashree Patnekar of Pune, the veteran Yashvanth Mahale and Apoorva Gokhale of Mumbai.

Rag-Poorvi, one of the rarest of rare ragas, was Amrita's choice. It is usually the choice of connoisseur singers. The intricate and complicated sancharas of Poorvi was brought out effortlessly, but challengingly with meaningful tans.

The next piece appeared in tal Jhumra was in Rag-Hamir, yet another connoisseurs' choice. It was a composition by Pt. Ratanjankar which was rendered competently with its gallantly woven word settings. Another rare gem was Ramdasi Malhar.

This raga manifests an intermixture of different hues of different ragas, unlike its Malhar allies. Amrita was successful in bringing out the natural colour of this raga. Amrita fits for a rave for her scholastic renderings, never discounting classicism, like her illustrious gurus. Nayaki Kanada, a couple of Dasakirtanas were refreshing.

The young virtuoso from Udupi, **Prasad Kamath** on harmonium was a delight to the listners. His impromptu reply to the vocalist were spontaneous, careful, subdued and intelligent.

Megha Shyam Keshav of Bengaluru, an engineer by profession, has ably supported on tabla especially in tilwada and Jhumra pieces with his perfect acumen on tala and laya.

—Shrimathi Devi

Mysuru Science Theatre Fest

Mysuru, July 4- Parivartana Ranga Samaja, Kalasuruchi and Arivu Educational and Cultural Trust, under the sponsorship of Karnataka Science and Technology Academy (KSTA) and in association with Kutuhali, Mysuru, have organised 'KSTA-Kutuhali Mysuru Science Theatre Festival 2023' at Mini Theatre in Kalamandira premises on Hunsur Road in city from July 6 to 9.

The Festival will be inaugurated on July 6 at 6.15 pm by Dr. Shivananda Kanavi, Assistant Professor, National Institute of Advanced Studies (NIAS), Bengaluru and former Vice-President, TCS Technologies.

The following Kannada plays will be staged at 7 pm:

July 6: 'Prabhasa' by Abhinaya Bharati, Dharwad.

July 7: 'Salim Ali' by Arivu Ranga, Mysuru.

July 8: 'C Ward - Cancer Kathanagalu' by Parivartana Ranga Samaja, Mysuru.

July 9: 'Asmite' by Workshopin Mysuru for Theatre, Mysuru.

Tickets are priced at Rs. 50 per show.

11.30 am to 12.15 pm: Ajay Swaroop will talk on 'Natakagalalli Vijnanada Pragati mattu Vayaktika Pratishteya Chitrana.'

12.15 pm to 12.30 pm: Interaction.

For details, contact Mob: 99012-25074.

Bharatanatyam Contest

Mysuru, July 4- Kumar Performing Arts Centre (KPAC), Mysuru, has organised National-level Bharatanatyam Classical Dance Competition on July 22 at Kalemane Sabhangana, #262, 1st Cross, behind Government College, M.G. Koppal, Vijayanagar.

Last date to apply is July 15. For application, visit: ***https://forms.gle/wGaLigPC4AZnK7QB9***

Participants must be aged 18 years or above. Each candidate will have a competition duration of 9+1 minutes. Performances should be accompanied by pre-recorded music in laptop or mobile phone. Natuvangam must be included in the music selection. Any other music, including classical songs from movies, will result in disqualification.

The competition evaluates participants based on criteria such as Abhinaya, Nritta (Footwork), Aaharya (Makeup, Costumes, etc.), and the quality of the recorded music. The final results of the competition will be announced on the same day at the conclusion of the event. All participants will receive a Participation Certificate. 1st, 2nd and 3rd prize winners will be given a 10-minute performance slot in the monthly Nirantara Kalemane Utsava on July 23. Prizes will be distributed on July 23 at the competition venue (Kalemane Sabhangana).

For details, contact Dr. K. Kumar, Founder & Secretary, KPAC, on Mob: 98866-54887.

Bharatanatyam presented at Nanjangud Temple

The senior students of Lalithakala Academy performed during 'Girija Kalyananotsava' at Srikanteshwara Temple in Nanjangud on June 28. Temple authorities greeted and honoured Guru Vidushi Usha Achuthan on the occasion. Seen are Samanvitha, Bhuvana, Bhoomika, Vidu. Usha Achuthan, Impana, Samudyatha and Manaswini.

Come December, read ORI's age-old palm leaf manuscripts on web portal

60 percent conservation and digitisation complete

Mysuru, July 4 (GA&BCT)- Over 60 percent of conserving rare and priceless palm leaf scripts and paper manuscripts of many centuries stored at Oriental Research Institute (ORI), governed by the University of Mysore (UoM), has been completed along with digitisation of over 3,000 manuscripts.

ORI houses over 70,000 manuscripts that date back over 700 years, written in languages such as Sanskrit, Kannada, Tamil and Telugu. In addition, the institute preserves 41,000 rare printed and other types of manuscripts, containing literary works and treatises on various subjects.

These manuscripts cover a wide range of subjects such as philosophy, religion, literature, linguistics, astrology, medicine, and various branches of knowledge. To further enhance the preservation and accessibility of these valuable manuscripts, UoM entered into a Memorandum of Understanding (MoU) with Bengaluru's Mythic Society in 2022 for their digitisation.

Accessible to all

Under the project, the ORI palm leaf manuscripts are undergoing a thorough cleaning process, establishing regular procedures for their preservation. The titles encompassing palm leaf manuscripts, handwritten works and collections of printed works will be catalogued and made accessible to the public.

Moreover, all the palm leaf works and books will be carefully image-scanned and securely stored, while the digitised images will be subjected to crowd-sourced text digitisation. The 112-year-old Mythic Society, a venerable institution with over decades of experience in the conservation and digitisation of palm leaf and paper manuscripts, is bringing its expertise to this collaborative effort.

Job by 34 professionals

A team of 34 professionals, fully trained in conserving the manuscripts, is doing the job at ORI. One of the most important conservation measures is fumigation. For fumigation, the manuscripts will be placed inside the Fumigation Chamber to make them free from dust and termites. The ORI has a dedicated fumigation chamber, which is used to save manuscripts that are showing signs of insect damage.

Later, lemongrass (Cymbopogon citratus) oil is applied to the fumigated manuscripts and dried for some time. Lemongrass oil has a mild citrus flavour with a sweetish taste. It does not contain any residues and due to its smell, moths and insects stay away. The oil also smoothens the manuscripts to ensure longevity.

Manuscripts that are in poor condition are rebound. This involves removing the manuscripts from their old bindings and placing them in new red cotton cloth bindings that are made from acid-free and starch-free materials. Also, manuscripts damaged by insects, mold or other factors are repaired and this process involves mending tears, removing stains or filling in missing pieces of text.

Preservation measures involve maintaining temperature and humidity-controlled environments to prevent deterioration, as well as protecting the manuscripts from pests and other potential threats.

Image-scanned and transmitted

The manuscripts are image-scanned with a CZUR scanner and a photocopy machine is not used. Rare manuscripts have to be digitised and even improved for readability with 300 DPI (dots per inch) quality. Teams are undertaking the digitisation process with each page of the book being scanned through a CZUR scanner.

CZUR scanner captures bound, rare, historical, out of prints and fragile manuscripts. They are carefully scanned and the images captured. They are scanned either in colour, black and white or grayscale as necessary. The scanned copies are then converted to formats including PDF, jpeg and PNG and uploaded on the website.

Digitisation plays a significant role in making these manuscripts accessible to a wider audience. By creating digital copies of the manuscripts, ORI ensures their availability for scholarly research, academic purposes and public viewing. This process not only safeguards originals but also facilitates easier sharing and dissemination of knowledge. The project is estimated to cost Rs. 1 crore.

It is worth noting that ORI holds the unique and fully intact volume of Kautilya's *Arthashastra,* which provides valuable insights into the political system and statecraft of ancient India. This significant discovery was made at ORI in 1905 by scholar Rudrapatna Shamasastry, who subsequently published it.

Research on rare Jagannatha Vijaya and Tatva Chintamani manuscripts

The conservation and digitisation process are progressing speedily and we are aiming to complete the project by the end of December this year. We have entered into an understanding with New Delhi-based Rashtriya Sanskrit Sansthan (Central Sanskrit University) to undertake research under 'Ashtadashi' project on the rare Jagannatha Vijaya and Tatva Chintamani manuscripts propagating 'Nyaya Shastra.' Rs. 34 lakh has been released for this project and Sanskrit scholar H.V. Nagaraja Rao is conducting the research.

The Indian Knowledge System, an innovative cell under the Ministry of Education, has initiated a project to collect scientific manuscripts and is offering a grant of Rs. 15 lakh. We are in talks with the institute on the modalities.

— Dr. D.P. Madhusudhan Acharya, Director, Oriental Research Institute, Mysuru

WORD OF THE DAY

Sashay

Pronunciation: sa-SHAY
Meaning: To sashay is to proudly walk in a slow, confident way that is meant to attract attention. Sashay can also mean simply "to walk, glide, or go," or "to proceed or move in a diagonal or sideways manner." In contexts involving dance, sashay means "to make a chassé," which is a dance step in which a slide on one foot is followed closely by a slide on the other foot.
Origin: Sashay slid into English as an alteration of the French borrowing chassé, which refers to a dance step in which a slide on one foot is followed closely by a slide on the other foot. (It comes from the French verb chasser, meaning "to chase"). Authors such as Mark Twain, Zora Neale Hurston, and John Updike have all put their names on the word's proverbial dance card, enjoying the liveliness sashay adds to prose. More recently, it has been strutting its stuff as a refrain on RuPaul's Drag Race since 2009: a queen does not skulk when voted out of the race, but proudly sashays offstage. From classic literature to the runway, sashay continues to dance its way through English with attitude. Now, sashay away.
Example: "I was surrounded by warm wood paneling, soft lighting, piano music playing at the exact right volume, white tablecloths, and servers who didn't walk so much as they sashayed from the kitchen to the dining room and back again. This was one of the most confident restaurants I'd ever entered, and the next hour of my life would prove why." — Drew Magary, SFGate.com, 18 Mar. 2023.

THE ODD WORD

Sangfroid

Coolness; Composure

PHRASE OF THE DAY

Sandwich short of a picnic

Meaning: A jokey, colloquial term for stupid.
Origin: There are many phrases of the form 'an X short of a Y'. These all mean the same thing, that is, the person being spoken of is stupid. 'A sandwich short of a picnic' is fairly recent. The first citation of it that has been documented is from the BBC's Lenny Henry Christmas Special, December 1987. In that, Henry performed I'm Mad, a spoof song and dance routine written by Kim Fuller and others. This aped Michael Jackson's 1983 hit Bad. Henry, in a straitjacket, sings 'I'm mad, I'm mad', while the backing vocalists sing:

He's mad, mad, one brick short of a load
He's mad, mad, one sandwich short of a picnic.

QUOTE BOX

Sandwiches are wonderful. You don't need a spoon or a plate!

— Paul Lynde

RIDDLE THIS

Solve the rebus:

Answer: Starry-eyed.

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
